

Boardcare

Boardcare salt detection kit to determination of chlorine, bromide and iodide.

Contents:

| | |
|-------------------------------------|-----------|
| Boardcare Saltesmo 30 test discs | 1 Each |
| Boardcare Salt Reagent | 1 x 250ml |

Order# H00022

SALTESMO is particularly suitable for rapid checks on halogen ion concentrations. It allows for quick verification of defined concentrations, making it easy to determine if the specified concentration is accurate.
